

Trak-1 Technology Background Screening announces new service: Smart-Trak

Smart-Trak is designed to manage employees/volunteers.

One person can now manage materials for the entire church or conference.

Save time and money!

Smart-Trak is a digital filing and database system housed behind the same security (cybertrust) as our background screening platform.

Components of Smart-Trak include:

Event Data

Show events/Invite to events/Event Notices

Registration & Recruiting

Training/Background Screening

Send Invite - can invite applicant to training and/or background screen.

Document Storage

Can add documents (policy/previous background screens, releases, resumes etc)

Email Log

Dan Roberts, President of Trak-1 Technology, noted "The Smart-Trak employee and volunteer management, training and screening system is designed to offer a comprehensive web-based, easy to use software solution for organizations who are committed to providing a safe sanctuary."

To sign-up now for the Smart-Trak program or to find out more about Smart-Trak, please contact Trak-1 Technology at 1.800.600.8999 and let them know that you are a member of the AWFUMC.
