

Now is the time to plan for your retirement!

There are many aspects of retirement that require planning at different stages of a pastor's ministry. This one day seminary provides vital information regarding the needs of pastors who still have fifteen or more years before retiring. We encourage spouses to join in this seminar and sharing in the preparations for the future.

Special Features

1. If you register by the deadline, you will be provided with a current, up-to-date copy of your UM pension projection.
2. A representative from the General Board of Pension will be available to answer questions.
3. Presentations will include information on Social Security, Taxes, Health Insurance and Health Care, as well as Debt Management and Financial Planning.

The
Alabama-West Florida
Conference
United Methodist Church

Co-sponsored by the Board of Ministry and the Board of Pension & Health Benefits
