Everyone Welcome!

The AWF Historical Society is hosting this event which is open to all persons interested in history: non-members are welcome. Tour two terrific historic church buildings in one day. Both are located in Autauga County: with histories and architectural features you must experience to indeed appreciate.

Ivy Creek UMC

This excellent example of a Greek Revival design is a pleasure to behold. It serenely sits on top of a hill at the end of a road lined with mature green trees. You will think that you have actually stepped back into the year 1854 when it was originally built.

Autaugaville UMC

The steeple is "the crown of thorns" like the one placed upon Christ's head: a very rare and unique architectural feature. Built in 1845, it is one of the oldest church structures in our conference. The beautiful original oil chandelier is located in the sanctuary.
